

The Pro-life Club will host Michael Kenney, Mercy parent and co-executive producer of the recent film *Unplanned*, at its meeting on Wednesday, Nov. 6th and show the film after school on Thursday, Nov. 7th in the media center at 2:45.

The film covers the true story of Abby Johnson, one of Planned Parenthood's youngest clinic directors and advocates until the day she saw "something that changed everything." The film is about abortion "but even more so, it's a movie about the truth of forgiveness, repentance and redemption" (Johnson). While the film does not contain swearing or nudity, the film was given an R rating for the CGI recreation of what Johnson saw on the ultrasound screen as well as a scene involving the aftermath of the abortion pill. Due to the rating, students will need permission from a parent/guardian to view this film. Parents and other guests are welcome to attend.

Students, please bring this signed permission slip to the viewing of the film on Thursday the 7th. You don't need to hand it in early, but you will not be permitted to watch the movie without this form printed out and signed.
