LET’S HEAR IT FOR THE STAFF

• This year we said goodbye to two dear Men of Mercy: Math and Science Teacher Mr. Tony Scalzi and Science Teacher Mr. John Eshleman. Thank you, Tony, for 33 faithful years at Mercy. Thank you, John, for 37 dedicated years of teaching.

• Congratulations to the 2012 Teacher of the Year Ms. Ann Jamieson! For the past 13 years, Ms. J has devoted her talents to Mercy as Physical Education and Health teacher. One student’s remark said it all, “Providing a fair and impartial education to impressionable teenage girls is not an easy task, yet Ms. J somehow excels.”

• Welcome to Mercy!

Mercy women drawn to design

“God can bend and change and re-form any of His creatures to fit them into the purpose He designs.”
- The Venerable Catherine McAuley, Founder of the Sisters of Mercy

Design Foundations

Mercy art classes focus on studio art production. Lessons in art history, art criticism, aesthetics, art careers, studio etiquette and technology are also integrated. Courses offered include: Design Foundations, Graphic Design, Jewelry, Sculpture, Drawing, Painting, Fibers, Ceramics, and Portfolio Preparation for seniors.

All 9th graders are now required to take Design Foundations, a unique course designed by Art Department Chairperson, Susan Smith ’84. The students get a rich exposure to technology within the context of artistic design. They learn the basic elements of art (color, texture, form, value, line, shape, space) and the principles of design (balance, contrast, emphasis, unity, pattern, rhythm and movement).

“The Design Foundations requirement acknowledges that we live in a visual world and the ability to communicate effectively in visual mediums is increasingly important,” Susan Smith ’84.

Students complete assignments in the areas of photography, video, animation, web page creation, drawing, painting and sculpture. They work on these digital experiences in the brand new iMac lab using professional grade Apple and Adobe software as well as utilizing their iPad.

“Not only will students acquire skills they will find useful in high school and beyond, but the course allows for all sorts of opportunities to build an exceptional design and multimedia curriculum,” Larry Baker, Associate Principal.

Art Foundations and Graphic Design have allowed me to grow and develop not only as an artist, but also as a student. Taking these classes taught me to not always look at the big picture, but also focus on each piece. Much like a puzzle, school and art are comprised of many little pieces that fit together. In order to create the puzzle, one must work step by step, because the puzzle cannot be created in one step. – Emily ’13

Art Department Mission Statement

We, the students and staff of the Mercy High School Art Department, participate in God’s creation through our daily work in the visual arts. We value the gifts of our lives and talents. We observe, appreciate, depict and interpret nature and our surroundings. We hope to offer an extraordinary view of our everyday world to all who view our artwork. We value our community of artists, learning from one another and dedicating ourselves to do our best.
Creativity belongs to the artist in each of us. To create means to relate. The root meaning of the word “art” is to fit together, and we all do this everyday. Not all of us are painters, but we are all artists. As artists, we accept responsibility to create – to realize our immense powers to change things, to fit things together in a new way. Creator God, help us to realize that we are artistic people – working together daily on the greater picture; bringing to it all our skills of imagination and making.

- Excerpts from “Learning by Heart, Teachings to Free the Creative Spirit” by Corita Kent and Jan Steward

Stop by Mercy to see some spectacular student artwork!

The Reception Area features student showcases with ceramics, jewelry, sculpture and fibers. Visitors can also take in all the vibrant paintings, drawings, and photos lining the south art hallway. You’re welcome to attend the Fine Arts Assembly on Friday, April 26, 2013.

Visit mhsmi.org/fine_arts/visual_arts to see student portfolios, awards, and photos from the senior showcase event held in May 2012.

Students in Mrs. Rife’s 2012 spring semester Art Foundations Class researched the life and work of Louise Nevelson, a 20th century American sculptor who is best known for her wood sculptures, many of which were constructed in wooden crates. Each student constructed a shallow corrugated cardboard box, then filled it with cardboard constructions emphasizing texture and composition. The intricate installation is on display in the south hall.

With art, I can travel anywhere into the depths of my mind and pull ideas from places that I never even imagined that I had. I pretty much block out everything outside of what I am doing when I am working on a piece. My mother refers to this state as “the zone” and knows to leave me be until I finish. That has always happened to me, but after taking art classes at Mercy, I have had more opportunities to get into “the zone” because my skills have improved and I have become more inspired. – Emily ’14

• Fellow, American Institute of Conservation of Historic and Artistic Works (AIC)
• B.F.A. in Studio Art/Art History, Michigan State University

All of the things I learned at Mercy about creating art ended up being the very things I needed to become the art conservator that I am today…In my career, I have followed God, knowing that I have a gift and I’ve got to use it. My advice to students is, “Never compromise on your gift, and when it comes to creating art…listen!”

Mercy dispelled the myth of the starving artist and played a huge role in helping me apply to art schools. I use the fundamentals of drawing that I learned at Mercy in all aspects of my art.

Sr. Mary Ignatius Denay laid the foundation for a progressive and impressive department of art at Mercy. She was an educator and an artist, talented in a variety of media, whose works are still displayed in hospitals, parishes, and schools. She taught at Mercy and was loved by many for her spirituality, her capacity to see beauty in all, and her wonderful sense of humor. Although Sr. Ignatius returned to her God in 2006, her spirit lives on in her intricate mosaics that grace our hallways.

The foundation for my art and teaching careers was firmly established in my sophomore year by the educational skills learned at Mercy High School, and under the loving instruction of my dear Sister Mary Ignatius Denay. God bless her intelligence, foresight and care for my future so that I too one day, could fully understand and live the mission statement of our wonderful alma mater: “Making a difference.” - Corrine Gignac ’72, art teacher

Back in 1975, Sr. Mary Ignatius prepared me for a career in the arts. Her impact and influence has stayed with me and I still reflect on the source of my talent which was given to me as a wonderful gift.

OUR LADY OF MERCY COURTYARD

The newly renovated and re-landscaped north courtyard, now named the Our Lady of Mercy Courtyard, serves as a silent and sacred space for student reflection. Art Department Chairperson Susan Smith ’84 created the concept for the courtyard and collaborated with another Mercy alumna and designer Roslyn Zwick ’76 to carry out the material detail. A plan is in place to renew each Mercy courtyard to reflect the values of Human Dignity, Justice, Service, and Option for the Poor.

Mercy was honored to have Archbishop Allen H. Vigneron bestow a special blessing upon the Our Lady of Mercy Courtyard on October 10, 2012. Visit mhsmi.org to see more photos of this dedication day and the beautiful courtyard.

Multimedia iMac Lab

Along with the iPad and Google Apps deployment this school year, the new Multimedia iMac Lab is a key component of the revolution that is Mercy 2.0 technology. It hosts 26 Apple iMac computers used by Design Foundations, Graphic Design, and Broadcasting classes. This lab complements the high powered P.C. lab where the school newspaper, Newsprint, and the yearbook, Lore, are produced.

The iMacs run on the brand new Mountain Lion Operating System and were installed with extended memory and professional high end Adobe software.

THANK YOU to the Mercy Mothers Club who bought new desks and the Mercy Dads Club who paid to have the lab properly wired and cabled this past summer. Students and staff have been busy editing movies, enhancing photos, creating animations and storyboarding multimedia projects.

"The lab will assist in developing an even more robust multimedia curriculum in the not too distant future," Larry Baker, Associate Principal.

Dear Mercy Friends,

We are Mercy!

The spirit and connections are undeniable whether like me, you are an OLM girl and a “builder of tomorrow,” or if you are a modern Mercy Marlin. The exteriors are indeed different, from the uniform to the building to the school song. However, as I meet alums of all ages, I find that the commonalities outweigh the differences. The generations of Mercy girls are kindred spirits and all of us treasure the advantage that our Mercy education provided.

We are Mercy! Proud of our rich history.

Dedicated to Our Lady of Mercy, Mercy High School has been in existence for 67 years. Built on the strong foundation laid by the Sisters of Mercy and the values of Catherine McAuley, we are the largest Catholic school for young women in Michigan. Proud of our 13,000 plus alumnae, we boast strong Mercy women making their mark on the world: mothers, nurses, teachers, doctors, lawyers, artists, engineers and more. We are compiling a visual and oral history to be part of a permanent exhibit in the school. (If you want to be involved, or have artifacts and photos, please call the Advancement Office.) The Mercyaires are recording the original school song, written by Sister Mary Vincent, and the traditional Ave Maria so loved by many alumnae.

We are Mercy! Grateful for the blessings given and the progress made each day.

We are privileged to educate over 800 young women who grow spiritually, intellectually, morally, physically and culturally in a Catholic tradition. Mercy students continue to win academic awards and attend top universities upon graduation. This is our seventh year of having a 1 to 1 computing program. Technology is embraced and integrated into every area of our school. With the launch of our latest initiative Mercy 2.0, iPads and Google Apps are enhancing our collaborative learning environment.

We are Mercy! Working to create a preferred future for our students and the school we treasure.

We are the ones who make the difference for the next generation, just as the Sisters of Mercy and our parents made the difference for us. We continue to improve our building, almost 50 years old! The spirit of hospitality and the values of mercy, human dignity, service, justice, and option for the poor permeate daily life. Archbishop Allen Vigneron just dedicated the new Our Lady of Mercy Courtyard, the first of six courtyards to be renovated. Each will be dedicated to a Mercy value. We look forward to making other improvements with your help. These include a new power station, air conditioning for the auditorium, a concession stand and restrooms for the athletic fields and a student commons.

Reconnect with your history and Mercy. Get involved and come visit us to see our girls at work and play! They continue to be “the jewels in life’s diadem” and are “building tomorrow with their lives today.” We are ALL Mercy!

Cheryl Delaney Kreger, Ed.D. ’66
